

Members and friends of Holy Trinity Lutheran Church,

Thank you for considering advocacy for fair public policy as part of your participation in God's Work, Our Hands Sunday.

In this packet you will find a list of legislators and three templates from our Lutheran Advocacy Office in Washington, D.C.

Participating is simple: Find your legislator on the list, depending on where you live. You have three legislators — one representative in the U.S. House, and two U.S. senators. You can take one template and write the same thing to all three, or you can decide not to write to every one of them.

In the open space on the template, you can personalize your letter. For instance, on the template about food programs, you could say why it is important to you as a Christian, especially in the time of pandemic, that there be adequate funding for food programs, especially for those most vulnerable in our population: the poor, families, older people.

The three letters are about three different topics. You need not do every one, if you don't wish to.

Return your letters to the church and we will organize them and send them in bulk to our advocacy office in Washington for distribution.

Thank you for adding your voice to God's Work, Our Hands.

Pastor Brenda
